## Welcome Back, IceHawks!

Happy Fall Semester 2020! It's a semester unlike any other. Campuses look and feel a bit different with social-distancing, face masks, additional cleaning supplies, additional signage, and many other health and safety measures in place to help keep our campus community as safe as possible.

Many have put in countless hours to help prepare us for the start of Fall Semester, and it's working! You can feel the excitement in the air these past couple of weeks. Thanks for everything you're doing to help keep yourself and others safe as we work to stop the spread of COVID-19 while we still deliver a quality education and experience for our students. We're thrilled to welcome students back to campus, and we're excited to resume the newsplash. Check out these great pictures from Welcome Week.
