LSC successfully and safely hosts Integrated Manufacturing Open House

Lake Superior College hosted the Integrated Manufacturing Open House at the Downtown Center last Thursday. Several potential future IceHawks, (including Carson Brewster, a senior at Grand Rapids High School, who is featured in the WDIO story below) attended the COVID-19 modified Open House to tour the facility and learn about the programs LSC offers in this high-demand field. Check out the excellent media coverage on [WDIO](#), [KBJR6](#), [CBS3](#) and [Fox 21](#). We also did several radio interviews and ran digital ads prior the event to help promote the programs. Thank you to everyone involved in helping make this a safe and successful event, including our recruitment and marketing teams and faculty and staff at the downtown campus!

LSC Foundation awards \$100,000 in Workforce Development Scholarships

The [LSC Foundation](#) has begun awarding \$100,000 in Workforce Development (WFD) Scholarships to 40 deserving students in approved programs. This funding is primarily provided by Minnesota State and the State of Minnesota legislature, with matching funds provided by local community and industry partners and generous donors including LSC employees, Board members, alumni and other friends of LSC/LSC Foundation. Additional WFD scholarships are also in the works and will be announced early in Spring Semester. In addition to WFD scholarships, the LSC Foundation will again offer traditional scholarships in the spring, to be applied for Fall Semester 2021. That application window will open in March and be a very similar process to the past few years. To help contribute to scholarship funding, please visit the [LSC Foundation's Donation Page](#). If you have any questions about scholarships or how to donate, please contact the Foundation at foundation@lsc.edu.

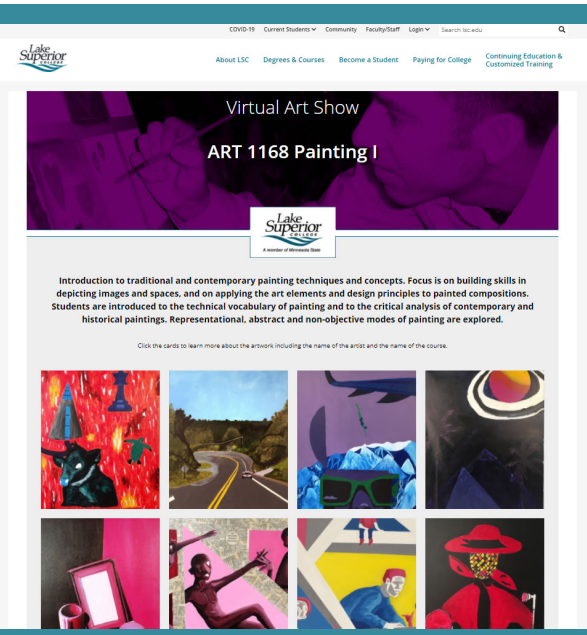

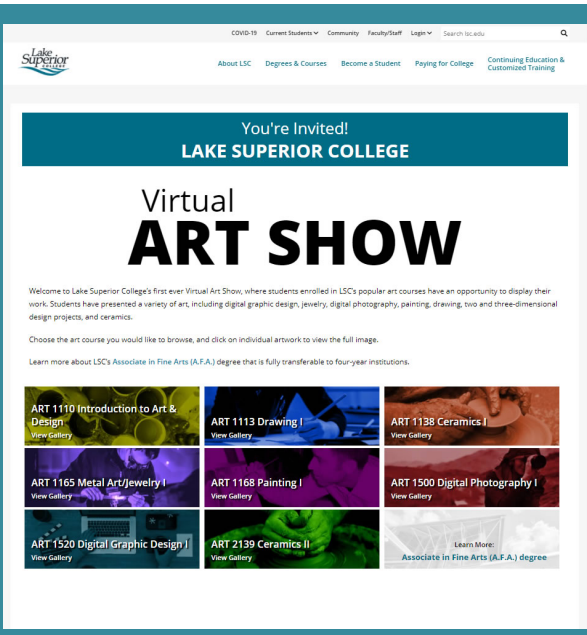

These scholarships really mean the world to our students, as we hear first-hand. Here's a perfect example: Tiffany is a returning nursing student at Lake Superior College. She's also a single mother of three, her disabled sister's caretaker and works nearly full-time. She asked if it was OK to remove her mask for a picture, because she wanted to make sure people saw how big she was smiling. She had tears in her eyes when she explained how much this was going to help her. She said she wasn't sure if she'd be able to afford to return to school in the spring since her hours had been reduced due to the economic impacts of COVID-19 (which unfortunately we're hearing a lot lately), but thanks to this scholarship she can and has now registered for the semester. Congrats, Tiffany! We look forward to seeing you back on campus in the spring. Her inspirational story is just one of many that we've been hearing, and we will be sharing more stories/pics on our social media pages.

LSC hosts first ever Virtual Art Show

LSC is excited to debut the first ever Virtual Art Show, online now through December 28. Browse more than 300 works of art by nearly 200 students in art classes like painting, drawing, digital photography, ceramics, and more. **As of this morning, there have already been nearly 550 visits to the page!**

If you haven't already, please take a moment to check out our students' amazing work and share www.lsc.edu/VirtualArtShow with others as well. Kudos to the LSC's art faculty and marketing team for collaborating on this fun project and way to show off the incredible talents of our students.

Nursing program to hold virtual pinning ceremony tonight, streamed live on Facebook

Lake Superior College nursing students will celebrate the completion of LSC's nationally-recognized nursing program in an online nurses pinning ceremony tonight, December 16, 7:00 p.m., which will be streamed live on [LSC's Facebook page](#), @LakeSuperiorCollege.

Forty-four students will graduate from LSC's nursing program this semester, with about another ninety set to graduate in the spring. Congratulations, graduates! WDIO, KBJR and CBS 3 are all working on stories about tonight's ceremony so be sure to check out the local news.

COVID-19 Related Updates

Stay up to date on the latest COVID-19 related information by visiting lsc.edu/coronavirus, as well as reading through LSC's [Preparedness Plan](#).

The Minnesota State [dashboard](#) is updated weekly, each Friday, and serves as a tool to inform campus communities about changes in COVID-19 cases and community spread.

Also, please remember to continue to complete the online [COVID-19 Self-Assessment](#) each day you will be on campus.

Upcoming Events and Campus Updates

- The [Tutoring and Learning Center](#) is hosting "Fuel up for Finals" through Friday, December 18. Students can stop in for free coffee, snacks, tutoring and support. All are welcome, and students are also encouraged to connect with their favorite TLC tutors online. Please consider sharing this with your classes and promoting online and in-person support to the students with whom you work.
- Thank you to all who participated in the staff and faculty book clubs that read the book, "How to Be an Antiracist," by Ibram X Kendi. There were 22 participants between the two book clubs. Over the eight sessions the group discussed the importance of actively working to be antiracists, and they were enthusiastic in applying these tools here at LSC.
- Heads Up: The LSC Bookstore will be closed to walk-in customers on Friday, December 18. Online orders can be placed at www.lsc.edu/store. Please note that all PSEO students with existing books appointments should still attend their appointment with the store as scheduled.

As always, if you have any story ideas, pictures you'd like to share and/or info on upcoming events, please send them to marketing@lsc.edu so we can include them in the newsplash. Thanks!

You're invited!
