Lake Superior College prepares for spring semester. We're excited to (safely) welcome IceHawks back!

As recently highlighted on KBJR 6 and CBS 3, college campuses across the Twin Ports are evaluating their fall semesters, where COVID-19 precautions were in full effect, and looking ahead to a safe and successful spring semester.

Lake Superior College will largely continue with the delivery options used in the fall which includes online, on campus and/or hybrid options. Other schools in the area, like the College of St. Scholastica (also featured in the story), will begin mostly on campus. You can read the full story on [KBJR 6](#) and [CBS 3](#).

We are excited to help welcome IceHawks back when the semester begins on Monday, January 11. We also look forward to seeing some students on campus even earlier during the upcoming Early Bird events. Welcome, IceHawks!
