State Senator Jen McEwen Tours LSC's Main Campus and Downtown Manufacturing Center

Senator Jen McEwen visited Lake Superior College's main campus and Downtown Center this week. We appreciate her support and leadership on LSC's bonding request to expand, enhance and relocate LSC's manufacturing program back to main campus so that we can continue to help recruit, train and retain manufacturing workforce talent for our regional partners and employers. More on the request and project at lsc.edu/bondingrequest.

Workforce Demand for Truck Drivers! LSC is Training, Several Regional Truck Driving Companies Are Hiring

Lake Superior College offers an excellent, flexible and affordable training program through Continuing Education and Customized Training (CECT) that can be completed in as little as nine weeks. While the current cohort is full,

with a waiting list, the next cohort will start in February and there are plans to add even more sections in the near future. Learn more about LSC's [Truck Driving certificate](#) and watch the [Fox 21 story](#).

Vaccinations: Minnesota State is following the guidance from the State of Minnesota and Minnesota Department of Health on vaccinations of our students and employees. An all employee email went out on September 8, and is also available on the [website](#).

All state workers, including all LSC employees, must either be fully vaccinated or be tested for COVID every week. Employees are able to find additional information on available vaccines at www.mn.gov/covid19. While students are not currently required to be vaccinated (with exceptions in some programs, including some healthcare programs), we are strongly encouraging all students to get vaccinated as soon as possible. The most effective way we can reduce the spread of COVID-19 and avoid further restrictions as we move forward is to get vaccinated as soon as possible, if you're not already. For more information on this and how to find a vaccine location, please visit mn.gov/covid19/.

Look for the Green Bandana

Lake Superior College is proud to participate in the Bandana Project, a national suicide prevention and mental health awareness movement.

What does the green bandana mean?

Staff, faculty and students display a green bandana showing they've completed training to be a good advocate/resource to those who are struggling.

Students tie a green bandana to their backpack to support peers in getting help.

The green bandana identifies those who have resources that can help, and it signifies in an unspoken solidarity with those struggling.

Want to be an advocate for those who are struggling?

Register for a one-hour training and receive your green bandana to display.
