Lake Superior College Features Current Students in New Ads, Hosts Healthcare Open House Tomorrow

Take it from returning LSC pre-nursing student Breeya Rosebear-Channer, Lake Superior College is the best choice you can make when choosing a college! Originally from Woodbury, MN, Breeya is loving her experience at LSC. When she's not busy with classes, she also serves as a campus ambassador helping give campus tours as part of our recruitment team. [Hear Breeya's story.](#)

That recruitment team will be especially busy tomorrow afternoon as LSC will host our annual Healthcare Open House. The marketing, PR and recruitment teams have been busy promoting this event, along with several other events and campaigns currently underway. Hopefully you heard one of our (SEVEN!) live radio interviews this morning on a variety of local radio stations, in addition to several more over the past few weeks as well as television and digital ads that have been running for the past month. We're close to a record turnout for the Open House but still have a few select slots

available for tours (which are being scheduled in advance and kept to a small size to ensure social distancing and safety). Please encourage anyone interested to RSVP today at lsc.edu/healthcare. Even if someone can't make it tomorrow, we can always work with them to schedule a campus tour on another date and time. We appreciate all the cooperation with Anna Sackette-Urness, Dean of Allied Health and Nursing, and her talented faculty and staff.

More information at lsc.edu/coronavirus.

Please keep masking up, IceHawks!

Safety remains our highest priority. Masks/face covering continue to be required inside all public spaces on all Lake Superior College campus locations, regardless of vaccination status.

Vaccinations: Minnesota State is following the guidance from the State of Minnesota and Minnesota Department of Health on vaccinations of our students and employees. An all employee email went out on September 8, and is also available on the [website](#).

As a reminder, **please do not come to campus if you're feeling sick, symptomatic and/or had any exposure to COVID-19.** This includes those mandated under Policy 1446 to complete weekly testing on campus. If you are feeling sick or feel you may have been exposed to COVID-19, please contact your healthcare provider and/or use community testing sites rather than coming to campus for testing, as we are not setup like a community testing site. Thank you for your understanding and cooperation.

The most effective way we can reduce the spread of COVID-19 and avoid further restrictions is to get vaccinated. For more information and how to find a vaccine location, please visit mn.gov/covid19/.

Look for the Green Bandana

Lake Superior College is proud to participate in the Bandana Project, a national suicide prevention and mental health awareness movement.

What does the green bandana mean?

Staff, faculty and students display a green bandana showing they've completed training to be a good advocate/resource to those who are struggling.

Students tie a green bandana to their backpack to support peers in getting help.

The green bandana identifies those who have resources that can help, and it signifies in an unspoken solidarity with those struggling.

Want to be an advocate for those who are struggling?

**Register for a one-hour training and
receive your green bandana to display.**
