Seven students currently enrolled in Lake Superior College's CNC machine tech program were presented with a \$2,000 Gene Haas Scholarship from the Lake Superior College Foundation during a presentation at LSC's Downtown Center on Tuesday.

The LSC Foundation awarded each student a scholarship worth \$2,000 for Spring Semester 2022, nearly full tuition for the semester. The funding was generously provided by a grant from the Gene Haas Foundation, along with funding from the LSC Foundation, to help recruit and retain manufacturing talent in our region.

Congratulations to these deserving students! Special thanks to the Gene Haas Foundation, the LSC Foundation and all who donate to the LSC Foundation, and our awesome manufacturing instructors - especially Max Udovich who helped lead this effort and worked closely with the LSC Foundation.

Check out the excellent media coverage below, along with the videos above, to hear more from these impressive and grateful students. You can also read more on our website: [lsc.edu/haasscholarships](https://lsc.edu/haasscholarships).

## Stress Less Days Offer Resources for Relaxation

Thanks to everyone who has participated in this week's Stress Less Days events, a series of activities that promote physical and mental wellbeing. Students enjoyed free chair massages courtesy of LSC's massage therapy students, healthy brain power foods and Thai soup cooking demo from Whole Foods Co-op, and an intro to Tai Chi sponsored by the LSC Psych Club. Stress Less Days conclude tomorrow with Coffee, Cookies and Conversation with an LSC Counselor: Dealing with Stress Using Self-Compassion at the Student Life Kiosk, 11:00 to 1:00 p.m.

## LSC Provides Emergency Training for Minnesota National Guard

Lake Superior College is proud and honored to be among the sixteen Minnesota State college campuses that hosted members of the Minnesota National Guard for intensive emergency training. Governor Tim Walz recently activated about 400 members of the Minnesota National Guard to train as

temporary nursing assistants to help support long-term care facilities facing severe staffing shortages. [Read full story.](#)

## LSC Hosts Regional Fire Testing

The Cloquet, Duluth, Hibbing, Virginia and Superior Fire Departments joined forces to hold written and physical testing at the LSC Emergency Response Training Center in Gary New Duluth. See story on [Fox 21](#).

## COVID-19 Related Updates

Please help keep our campus community safe.

# Mask up and take the shot.

Masks required on all campus locations.

\$100 incentive for current LSC students who receive a vaccine.

More information at [lsc.edu/coronavirus](https://lsc.edu/coronavirus).

### Please keep masking up, IceHawks!

Safety remains our highest priority. Masks/face covering continue to be required inside all public spaces on all Lake Superior College campus locations, regardless of vaccination status.

As a reminder, please do not come to campus if you're feeling sick, symptomatic and/or had any exposure to COVID-19. This includes those mandated under Policy 1446 to complete weekly testing on campus. If you are feeling sick or feel you may have been exposed to COVID-19, please contact your healthcare provider and/or use community testing sites rather than coming to campus for testing, as we are not setup like a community testing site. Thank you for your understanding and cooperation.

The most effective way we can reduce the spread of COVID-19 and avoid further restrictions is to get vaccinated. For more information and how to find a vaccine location, please visit [mn.gov/covid19/](https://mn.gov/covid19/).

For more information and to continue to stay up to date on the latest COVID-19 related info, please visit: [lsc.edu/coronavirus](https://lsc.edu/coronavirus).
