LSC Hosts Career and Transfer Fair

The main campus concourse and atrium were buzzing today with students networking with employers and educational institutions at LSC's Career and Transfer Fair. It was a chance for students and the public to connect with four-year colleges and universities if they plan to transfer after completing their generals at LSC. Others were meeting employers looking to hire talented LSC students and graduates at a time when there's strong workforce demand in industries like healthcare, manufacturing, trades and more. Thank you to everyone who attended and participated in event!

LSC To Host Firefighting and Truck Driving Open House This Friday

In addition to all the digital ads you may have seen and radio interviews and commercials you may have heard in the past few weeks, Lake Superior College's marketing team took over the Mix108 and B105 radio station websites again last week, this time in preparation for the Firefighting and Truck Driving Open House happening on Friday, March 25. The admissions team, in partnership with the LSC Student Fire Technology Club, will be hosting tours at LSC's Emergency Response Training Center in Gary New Duluth this Friday from 2:00 to 5:00 p.m. Guests can learn about programs, tour the facility, and check out the trucks and firefighting equipment. RSVPs are encouraged, but not required. All are welcome. For more info and to RSVP, please visit: lsc.edu/OpenHouseERTC. If you and/or someone you know are interested but can't make it on Friday, no problem. You can always schedule a tour of any of LSC's four campus locations at lsc.edu/visit.

State of Manufacturing survey results released March 30 in Duluth

Mar 14, 2022

Enterprise Minnesota will host a State of Manufacturing survey release event on Wednesday, March 30 at Lake Superior College in Duluth at 9:30 a.m.

The State of Manufacturing is the annual survey of Minnesota manufacturing executives that reveals the latest trends in key business areas including growth, workforce, supply chain, economic confidence and more. Each year, over 400 manufacturing executives are surveyed, representing a broad mix of manufacturers by region, employee count and annual revenue.

Bob Kill, president and CEO of Enterprise Minnesota, will share the most recent State of Manufacturing analysis and insights from 13 focus groups with manufacturers. A Q&A with Kill and industry stakeholders will focus on what
