

April 6, 2022

Local High School Students Participate in Nursing Simulation

LSC's recruitment team hosted high school students from Denfeld, Hermantown and Proctor who are either in an Intro to Nursing course and earning college credit or are a member of their school's HOSA club. Tracy Moshier led students through a simulation demonstration for a patient with hyperthyroidism. Students were asked to do the following:

- Use beginning clinical judgement decision-making skills to plan care for the patient
- Review the patient chart using DocuCare, a simulated electronic medical record
- Observe, assess with advanced monitoring and auscultating, and determine what nursing interventions were priority

Students saw how important simulation is in the LSC nursing programs and how it allows for complete, safe immersion into nursing practice and experiential learning. Tracy also talked about the great need for LPNs and the benefits of going through an LPN program, even if the long-term goal is to become an RN.

LSC's Phi Theta Kappa Chapter Wins Regional Award

The Lake Superior College PTK chapter was awarded a regional, Most Distinguished Honors in Action Theme Award for their research into theme three, "Trade, Craftsmanship, and Industry," at the Phi Theta Kappa (PTK) Minn-Kota Regional Spring Convention.

This is the second year in a row that the chapter has achieved a 5-Star Chapter Status, which is the highest star status a chapter can reach each year.

Honors in Action is a biennial topic that is an interdisciplinary, contemporary topic of interest related to global challenges. Members explore the topic with the multitude of perspectives that their personal experiences and academic studies provide. This also creates opportunities for leadership and action. Each chapter selects a predefined theme within the topic to research to an action conclusion. Once completed, a technical style report is submitted for competition with other chapters internationally and ranked. Based on this ranking, a chapter may win a Hallmark award at the regional and the international level. Congratulations to the chapter for representing Lake Superior College so well!

Pictured with award are LSC's chapter president Jennifer Gustum and chapter advisor Deanna Keller.

LSC Transfer Center Now Open, Grand Opening Celebration Scheduled for April 13

The Transfer Center (L130) opened for Spring 2022 semester as a dedicated place where students can find all things transfer related. Students have the opportunity to meet with partner institutions, LSC advisors, and faculty during scheduled visiting hours, view our LSC transfer pathway guides, and use the computer to aid in their transfer journey whether it be searching for classes, applying to a four-year institutions, or viewing Transferology to explore how their LSC courses transfer.

A grand opening celebration is scheduled for Wednesday, April 13, at 3:00 p.m. Please stop by L130 to join in the celebration!

TRANSFER CENTER

New PTA Internship Program

CareParent, a home health care company in the Twin Cities, has developed an exciting new internship program with Lake Superior College in Duluth to help Physical Therapy Assistant (PTA) students gain valuable experience in a home care setting. Read [full story](#).

LSC Hosts Enterprise Minnesota

Manufacturers from Northeast Minnesota took part in last week's State of Manufacturing Conference at Lake Superior College.

"It's a unique field with professions that aren't able to work from home, so they need unique solutions. And that's why everyone's gathering today is to share their best practices with one another," said Ian Vincent with Apex, an economic development group based in Duluth.

The State[®] of Manufacturing

St. Louis County Celebrates Pandemic Response

Close to three dozen entities were recognized for aiding the pandemic response in Duluth and the southern half of St. Louis County, including Lake Superior College.

St. Louis County has been an outstanding partner throughout the pandemic and LSC is grateful for all their support, guidance and partnership!

Last Call: Tickets to the LSC Foundation Annual Dinner On Sale Until 5:00 p.m.

We are excited to welcome over one-hundred community leaders and supporters of the Lake Superior College Foundation for the Annual Dinner and Community Celebration happening tomorrow, Thursday, April 7, at the Clyde Iron Works Malting Building.

A few tickets are still available and can be purchased until 5:00 p.m. today. The event will include dinner and live music provided by the McCullough Brothers. It will be an opportunity to gather together again and celebrate as contributions to the Foundation continue to increase. The generous support from our community is helping support a lot of students at Lake Superior College and in turn helping enrollment at LSC and workforce needs in our community.

Ticket sales end at 5:00 p.m. today. For more details and to purchase tickets, visit lsc.edu/AnnualDinner or contact foundation@lsc.edu.
