Achieve Academic Success

Meeting Degree Requirements

Program Guide:

Your program guide offers a list of the classes/credits required for your degree, certificate or diploma. During the orientation process you will receive a guide for your declared program. If you need another copy of the guide, you can get one online at this web address: <https://degrees.lsc.edu/program-guides>.

Program guides can change from year to year, but you will be working on the requirements of your program at the time of entry into the school (in other words, the program guide that was current the semester you started). This is called your planner year. When you are looking at degree requirements, you want to be sure you are using the guide for your planner year (Spring 2022, for example).

Degree Audit Report (DARS):

Your Degree Audit Report is a customized electronic report of your degree progress. It keeps track of completed courses (including transfer courses), current (in progress) classes, as well as requirements still needed for graduation. It is the student's responsibility to use the program guides and their own personal Degree Audit Report to complete the correct degree requirements. It is an academic advisor's role to assist a student who comes in with questions about their degree requirements, classes, DARS, and/or program guide.

Register carefully:

Students should not assume that the system will stop them from registering for the wrong classes, the system for registration is not able to do that. Additionally, students should not assume they will be contacted by their advisor if they are registered incorrectly. It is your responsibility to understand your program's requirements and register accordingly. It is an advisor's responsibility to help you.

Students are also responsible for checking their courses for pre-requisites to be sure they are met. Pre-requisite courses are listed in the course description online on the schedule.

Check with your advisor:

When in doubt, always ask your advisor for registration and DARS assistance. If something doesn't seem right, don't assume it will be taken care of. Ask your advisor for help to keep you on track. Contact your advisor directly by phone or email. Their name/contact information is listed on your DARS report.

Lake Superior College Policy Information:

IMPORTANT: The following pages are meant to go over some of the key policies that students need to be aware of. These pages are informational and are meant to help students understand the policies that most affect them as a new student. The information on the following pages does NOT take the place of the official policy and is NOT a complete list of all policies/procedures that students must adhere to. All official policy information is available online at <https://www.lsc.edu/policies>.

ADD/DROP/WITHDRAW POLICY

(Policy/Procedure 3.11)

Before the semester starts, students can change their schedule and adjust their classes as much as they wish, however once the semester starts, students only have the first 5 days for full term classes to make final adjustments to their schedule. This is called the "Add/Drop Period." You only have this timeframe to adjust and finalize your classes without financial and academic ramifications. Missing this important deadline can be costly. Keep in mind that the Add/Drop Period varies for classes shorter than a full term.

Add/Drop Period for Full Term Courses:

Students may add and/or drop full term courses through the fifth (5th) academic calendar day of the term. Students will not be charged tuition and certain fees for courses dropped within this timeframe and the courses do not appear on their transcripts. Additions or Drops must be processed by the close of business on the 5th day of the term (11:59 p.m.).

Add/Drop Period for Short Term/Late Start Courses

Classes that do not run the entire semester must be dropped within one business day of the first class session. That drop needs to be processed by the close of business on the day after the course begins (11:59 p.m.).

**If your course is only a weekend course you must drop it prior to the start date.

*** Please be advised that dropping a late start course after financial aid has disbursed could affect your aid for the semester. Also, adding a late start course after financial aid has disbursed will not adjust a student's financial aid and the student should be prepared to pay for that course.

Students are responsible for the management of their schedules online in e-Services. ADVISORS CANNOT ADD OR DROP A COURSE FOR YOU.

WITHDRAWING

After the Add/Drop Period students still have the option of "withdrawing" from a course or courses. These courses will show with a grade of "W" on the student transcript. A grade of "W" does not negatively affect GPA, but does affect completion rate.

Partial Withdrawals

Withdrawing from a portion of semester courses does not entitle the student to any refund or reduction in tuition and fees. Withdrawing from a course or courses negatively affects a student's completion rate, but does not affect GPA.

Total Withdrawals

A total withdrawal means that a student withdraws from all of their courses (at the same time). If this withdrawal happens early in the semester, students may be eligible for a refund of a portion of the related tuition and fees.

Total withdrawal refunds for Fall/Spring Terms:

6th - 10th business day of the term: 75%
11th - 15th business day of the term: 50%
16th - 20th business day of the term: 25%
After 20th business day of the term: 0%

Summer Term:

6th through 10th business day of the term: 50%
After the 10th business day of the term: 0%

Partial or Total Withdrawal from courses can affect financial aid. When you are considering a withdrawal we highly recommend you speak to an advisor to see how it will affect your overall standing at LSC.

FAILURE FOR NON-ATTENDANCE

(Procedure 3.17.4)

If you miss too much class, you can earn an “FN” or “Failure for Non-Attendance” grade and permanently damage your academic record.

This will happen when the student fails to engage in any academically-related activity for 14 consecutive calendar days. For courses lasting eight or fewer weeks, non-attendance also occurs when the instructor determines that the student’s failure to engage in academically-related activity is such that the student can no longer be successful in the course, even though the non-attendance has continued for fewer than 14 consecutive calendar days. This policy is also enforced for online classes.

If a student is assigned a grade of FN, they may change it to a withdrawal utilizing the student registration system before the final withdrawal date of the course.

TUITION/FEES & PAYMENT

(Policy 5.12 Procedure 5.12.0)

A college education is an investment in your future. Understanding the costs involved in your education and making good financial decisions now is critical to your long term success, through college and beyond.

Students have access to their bill in their e-Services account once they have registered for classes. It is a student’s responsibility to check their bill and be sure they understand the costs associated with their education as well as have a plan to cover those costs.

PAYMENT DEADLINES/POLICIES

(Policy 5.12 Procedure 5.12.0-5.12.5)

Lake Superior College has established payment deadlines for each term. The college will drop all classes for students who have not met payment criteria.

Payment criteria are as follows:

1. Student has paid in full
2. Student has FAFSA results on file
3. Student has a payment plan on file
4. Student has Veteran Benefits in place
5. Student has third-party funding in place
6. Student has a scholarship in place

The college shall grant an extension of the payment due date for students who have filed and are awaiting properly approved financial aid from federal, state, or other third-party sources.

******A student should never assume that this policy will drop them from their classes! If they no longer plan on attending, students must still drop their classes online in e-Services prior to the deadline, or they will be financially responsible for the cost.***

Payment Plan Information

Students have the option to set up a payment plan to pay for tuition and fees. Payment plans are set up online. To find out more information about the payment plans and to learn about payment plan deadlines visit: www.lsc.edu and click on "Paying for College" and then click on the "e-Cashier - Payment Plan" link. Book costs can also be added to your payment plan.

Payment plans can also be used in cases when a student doesn't get enough financial aid to cover their entire balance. They can enroll in a payment plan to take care of the remainder.

Late Fees

Lake Superior College charges a fee for late payment of tuition and/or fees. Late fees are assessed on the 25th business day and at the end of each semester. Students with partial financial aid funding must make payment arrangements. A late fee is charged for late payment under an approved payment plan. Only one late fee is assessed per student per semester. At least one late fee is assessed to any student sent to the Department of Revenue for collections.

MEASURING SUCCESS AT LSC

(Policy 2.9 Procedure 2.9.1)

Lake Superior College requires that students make satisfactory academic progress towards a degree, diploma or certificate to remain in good standing. Additionally, federal law requires that a recipient of State or Federal Financial Aid make satisfactory academic progress towards a program (AA, AFA, AAS, AS degree, diploma or certificate) to remain eligible for aid.

Grade Point Average (GPA): All students are required to maintain the minimum cumulative GPA of 2.0. All credits are included in the calculations. Grades of A, B, C, D, F and FN will be included in the GPA calculation.

Completion Rate: All students are also required to complete a minimum of 67% of cumulative registered credits.

FAILURE TO MEET STANDARDS

Financial Aid and Academic Warning

If a student goes below a 2.0 cumulative GPA or 67% cumulative completion rate at the end of a semester, they will be placed on Academic and Financial Aid Warning for their next semester. If, at the end of the warning semester a student has brought both their cumulative GPA and cumulative completion rate back to standards, they will no longer be on warning and will once again be considered in "good academic standing."

Financial Aid and Academic Suspension of Students on Warning Status

If, at the end of the warning semester, a student has not met both the institution's cumulative grade point average and completion percentage standards, the student will be suspended both academically and from financial aid immediately. That student will be required to sit out for a semester and must meet with an advisor to form an Academic Success Plan prior to being allowed to register.

In most cases the student will not have access to financial aid again until they have completed 6 credits with a 2.5 or higher GPA and paid out of pocket for those credits or successfully appealed their suspension(s).

Academic Probation

Upon completion of the required sit out period and an academic success plan, a suspended student will be placed on Academic Probation. The student can remain enrolled as long as they maintain a 2.5 semester GPA and 100% completion of all classes they attempt while on probation. Students will be taken off of academic probation once they have raised their cumulative GPA to 2.0 and their cumulative completion rate to 67%. Your academic standing is critical to your continued enrollment at Lake Superior College. Please take this policy seriously and be sure you access campus resources if you are running into difficulties.

150% Maximum Timeframe for Program Completion

All students are expected to complete their program within an acceptable period of time. The maximum timeframe for financial aid recipients is 150% of the published credit length of their program. For example, the maximum timeframe for a 60 credit program is 90 attempted credits. Up to 30 non-repeated attempted credits of developmental and ESL courses earned with a "C" or better are exempt from a student's 150% completion timeframe.

FINANCIAL AID BASICS

LSC FEDERAL SCHOOL CODE: 005757

The primary purpose of Federal Financial Aid is to provide financial help for students who may not be able to afford college.

To be considered for Federal Financial Aid students must complete the "Free Application for Federal Student Aid" or FAFSA. An easy way to access everything you need is through LSC's Financial Aid website: <https://www.lsc.edu/financial-aid>

Financial Aid Process

- Completing your FAFSA is NOT the same as completing the Financial Aid process. It is the **FIRST** step. *It takes about 5 business days for LSC to receive your FAFSA once it has been submitted online.*
- We may require additional information after we receive your FAFSA. *If we do require additional information, we will contact you via your LSC email or through letters sent to your permanent address and updates in your e-Services account.*
- Processing timelines can be significantly delayed if we do not receive the information we need from you in a timely manner.
- Be sure to regularly monitor your LSC email and e-Services account for any correspondence directed from financial aid staff.
- It is very important to thoroughly read any information the Financial Aid Office sends. Any action required from you will be stated in anything we send. It is your responsibility to be checking your e-Services and student e-mail for updates.
- Both you and your parent (if dependent) will need an FSA ID and password to electronically sign the FAFSA, student loan MPN, and Plus Loan. Go to [FSaid.ed.gov](https://fsaid.ed.gov) to request an FSA ID and password or to look up your FSA ID if you have forgotten it.

Financial Aid Offer: Once your Federal Financial Aid is fully processed, you will receive a Financial Aid Offer from LSC in your e-Services. This will explain what grants and/or loans you may be eligible for through Federal and State Financial Aid.

Financial Aid Disbursements: Financial Aid is disbursed to student accounts at the end of the add/drop period and is automatically used to pay their tuition and fees. Sometimes students have more funding coming in than their tuition and fees bill. This extra funding is called an overage or a refund and students will receive those funds to support their education.

BankMobile Disbursements

Your school has partnered with BankMobile to deliver refunds and offer you smarter ways to manage your money.

1

Check your mail for the bright green envelope. Don't have one? Check Where's My Refund Selection Kit?

2

Locate your Personal Code found inside the envelope to select your refund preference. Sometimes we email you the personal code. Hint, it will look like: ABCD-1234-5678

3

Click Let's Get Started below. Your choices for refund delivery are just a few clicks away!

Financial Aid refunds are sent to our refund partner, BankMobile, within a week after it has been placed on the student's account. *Please review your account online through e-Services to determine if you still have a balance owed or if you will be receiving a refund.*

All financial aid refunds are sent electronically to BankMobile beginning the tenth day of the term. Make sure that you have received your BankMobile refund selection kit and selected your refund preference prior to the financial aid disbursement.

Financial Aid pays the school directly after the add/drop period. Students will not see their financial aid applied to their bill until that time. The refunds will take some time once aid pays the school.

LSC STORE (Bookstore)

How do I know what books to purchase for my class?

To get your books in-person or online, you'll need to print your class schedule (from e-Services under Courses & Registration).

Once you have your schedule you can bring it to the bookstore and locate your books and supplies or go to the website (<http://store.lsc.edu>) and click on "Textbooks" for viewing and online ordering. Don't forget to shop for your LSC merchandise while you are there!

Refunds:

- Computer discs/CDs, drafting, electronics, computers, software, and engineering kits cannot be returned. NO EXCEPTIONS - Sorry!
- Returns made to the LSC Store MUST be made within 5 business days from date of purchase.
- You MUST have your original receipt in order to return any book or item. Your book(s) MUST be in perfect condition. If you purchased your book with a shrink-wrap cover, it must still be shrink-wrapped when you return it.
- If you paid with a check you will have to wait for up to 6 weeks before your refund will be sent to you. Your refund isn't mailed from our store. It is processed through our student payment office and BankMobile. Please do not ask about your refund until you've waited 6 weeks.
- If you owe LSC tuition or fees, your LSC Store refund will be automatically applied to your unpaid balance at LSC. Therefore, you would not receive a refund.

- If your original purchase was made by using a credit card/debit card, your refund will be applied back to the account on the card you used. If you charged your merchandise against financial aid or other agency funding, your refund will be credited back to that funding and you will not receive a check refund.

Financial Aid Policy for Books

- If you have completed a FAFSA and it has been received by LSC you may charge your textbook purchases to your student account through the first week of the semester.
